Firstly-We would suggest that you inspect our immense and choice stock

Firstly—We would suggest that you inspect our immense and choice stock of new Spring Silks before you make your purchases. We use no words to induce you to buy. The Silks must speak for themselves. Their prettiness and exclusiveness of designs, their goodness in quality and lowness in price will be eloquent demonstrations of their worthiness even to the poorest silk judges.

Secondly—We do not know whether to suggest plain Taffetas or fancy Silks—they are all so pretty and stylish. We merely mention prices, ask you to compare and make your choice: Plain Taffetas in all colors at 49c and 8ic; in Black also at \$1 and \$1.35. Our stock of Fancy Silks was never so large or select. Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Billousness Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean gested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C.

ENGLISH HOME SPUN!

The Real Thing, \$2.50 \$3.

No matter about the season, no matter about fads, home spun holds its place always. For tailor-made gowns it ranks with cheviot—unchallenged. The difference between the real and imitation is plain as day. The genuine is clear—every thread distinct. The imitation is blurred. This year's colors are blue, gray, brown and green mixture. Nothing more serviceable, more distinctly correct for spring tailor-made gowns.
